"Incredible Read!! What an amazing portrayal of the fortitude, courage and sacrifice experienced by the female characters in this novel. Hannah brings to life the very essence of the Vietnam experience for her reader. Kristin Hannah captures the feeling I got at the Women's Vietnam Memorial - giving voice to these women who were the unsung heroes of this heinous war, and their compassion and capacity for each other is palpable. As a child of the 60's I cried for a good part of this story, but I celebrate the women who finally were remembered and given a sense of agency when the struggle to be seen was a daily battle.
