REVIEWS: Praise for *The Husbands* "Chandler Baker, queen of the feminist thriller, has delivered once again! *The Husbands* is a poignant exploration of what it would take for women to have it all."
—Sally Hepworth, bestselling author of *The Good Sister*

"A fun, fast-paced book...Because something needs to change, drastically, if women are expected to continue combining careers with raising families."

—Washington Post

"A modern thriller for an era when women are told they can have it all, but societal expectations still make that nearly impossible. It's wickedly funny, but also dead serious in its piercing social commentary."

—Texas Monthly

Praise for *Whisper Network* "Honest, timely, and completely thrilling."

—Reese Witherspoon (Reese's Book Club x Hello Sunshine book pick)

"A delicious and timely thriller...Part soapy shocker (one of the characters is keeping a very big secret) and part legal thriller (excerpts from depositions offer a glimpse into the third act). Think *Big Little Lies* meets the famous 2017 list of men in the media industry accused of sexual harassment."

—New York Times Book Review

"Don't be fooled by its title. *Whisper Network* is a primal roar of a novel. Furiously funny and just plain furious, it's as timely as today's headlines and as big-hearted as your best work friend. A fantastic read."

—Riley Sager, New York Times bestselling author of *The Last Time I Lied*

"Exciting and sprinkled with razor-sharp insights about what it is to be a woman today, *Whisper Network* is a witty and timely story that will make you cheer for sisterhood."

—Liv Constantine, USA Today bestselling author of *The Last Mrs. Parrish*
